Sexsmith Defeats G.P. in Closing Season's Game

The hockey season, so far as Grande Prairie is concerned, was brought to a close on Wednesday night when George Cameron's team from Sexsmith met Gordon Gray's Grande Prairie aggregation at the Walpit rink.

The victors were on the long end of the score, winning 4 to 2.

While the hockey played was not up to par, being very ragged for a good portion of the game, there were flashes of neat hockey as any fan could wish for. Both teams had their quota of fast skaters and when these got going the fans were not slow in showing appreciation.

In the second period Robinson, Sexsmith's scoring ace, was injured in the shoulder, which forced him to retire for a time.

Grande Prairie put up a good battle, but the victors deserved their win and the score about represents the play.

There was little to choose between the teams in the first half of the initial period. After about ten minutes of play, Robinson broke the monotony by beating Anderson with a fast shot. Although both sides made several rushes which promised no further damage was done during this stanza.

Sexsmith got away to a good start in the second period and after two minutes of play Wilson shot, and the puck went into the net off Black's and Jack Cummy's sticks.

Two minutes later Minchin went in fast and shot, Black scoring on the rebound. Time off was called when Robinson was injured. There was no further scoring during this period.

For the first few minutes of the third period the Grande Prairie players had the better of the going and pressed, but could not beat Cameron, who made several phenomenal stops.

Frank Minchin went through and counted after the period had been seven minutes. The victors disputed the goal, but it was allowed. Shortly after play was resumed Robinson, from well out and bailed the hump. Minchin and Black then went down fast. Minchin shot, but was blocked by a clever save. Within a minute of time Miller scored on a pass from Umhach.

Sexsmith-Gordon Gray, Cameron, defense, N. Umhach and P. Edmundson; forwards, Stan Warren, Ken Robinson, Ken Wilson, and Nick Miller.

Grande Prairie—Goal, F. Anderson; defense, Jack Cummy, Speers and Pender; forwards, Flesher, Minchin, Black, Hillman, K. Cummy, Turner, and Scribner.

Referee: Johnny Shields.

Business Gradually Improving in East Says D. W. Pratt

That business conditions in Ontario were steadily improving was the report brought back by D. W. Pratt, who with his wife returned home Tuesday after an absence of two months.

While in the East, Mr. and Mrs. Pratt visited their old home in North Gower, 25 miles south of Ottawa. They also visited Ottawa, where they attended the opening of Parliament and held a sitting of the House.

Brookville, Cornwall, Toronto, Hamilton, and Montreal were among the other cities visited by the couple.

At Toronto they had the pleasure of having dinner at the home of Mrs. C. H. Pratt, mother of the couple.

Asked by The Tribune reporter how he found conditions in the East, Mr. Pratt replied he talked with many business men and they all reported a steady advance in trade over a year ago. While the unemployment problem has not yet been completely solved by any means, many have been and are being absorbed in the factories. There is nothing spectacular in this improvement. It is very gradual.

While at Ottawa Mr. Pratt had the pleasure of meeting the old comrade of the Second Brigade, in the person of C. D. Horvick, Canadian Ambassador at Washington.

Mr. Pratt stated that both Mr. and Mrs. McCordick, Mrs. Pratt's parents, who visited here on two occasions, are hale and hearty and asked about the many friends they made while here.

Mr. Pratt's trip was a very successful one.

C. A. MAI, FIN TO RECEIVE LONG SERVICE MEDAL FROM ROYAL CANADIAN MOUNTED POLICE

C. A. Mai, now living at Brainerd, will leave for Edmonton on March 22 to receive, along with other members of the famous R. C. M. P. force, a medal for long service. The presentation will be made by His Excellency the Governor-General.

Corporal Mai, by which name he is best known by his many friends in the Peace River, retired from the force nearly two years ago, when corporal in charge of the Hythe division.

"Charlie" informs The Tribune that he will stop off for a few days at Grande Prairie on his way back.

The Corporal was filled with sadness from Bear Lake and Clairmont districts and from Grande Prairie, who had gathered there to pay their last tribute of respect to a pioneer they highly esteemed.

The casket was covered with flowers, a further token of the high respect in which Dan Miller was held.

The funeral of Dan Miller, who was killed in his cabin on his farm at Bear Lake, was held on Friday afternoon of last week, the services being held in Christ Church (Anglican) at the first street.

Grande Prairie, Rev. R. J. Moore, rector, officiated.

Work of Oxford Group Arousing Much Interest

On Friday last an Oxford Group team of seven members from the southern part of the province arrived in Grande Prairie, where they held a series of meetings.

The interest in this most active movement of world reconstruction is great, and the house party is looked forward to by many.

Special rates have been given by Mr. Hart of the above hotel and party rates can be obtained from the railway company.

Information can be obtained from the Oxford Group, Hart Hotel.

Sexsmith Legion To Stage Boxing Card March 22

On Friday evening March 22 the Sexsmith branch of the Canadian Legion will stage a boxing card, under the direction of Harrie Reed, which promises to be all to the good.

The following is the program:

"Scotty" Jones (145), "The Mighty Atom" of Grande Prairie, will clash with Captain Hoag (145) of Riverton.

"The Miniature Drednought," in a six-round affair.

Tommy Hovatt (125) will tangle in a scheduled four-round bout with Harold Panto (140) of Grande Prairie.

Bud's (105), who met Duke (105) in four rounds.

In the newly surprise bout between Sexsmith business men, to decide which is the better man, four fast rounds are promised.

The card is to be staged in the Grand Theatre. Immediately following was a lecture by a local doctor, which Mr. Hovatt's orchestra will supply the music.

THE NORTHERN TRIBUNE AN INDEPENDENT WEEKLY NEWSPAPER

Published every Thursday at Grande Prairie, Alberta, the Tribune's aim is to thoroughly "cover" the local news field with fairness to all sections and parties; also to aid in the development of the Peace River Country and help make known the "Northern Empire" to many advertisers as a home-land. All news is printed without intentional distortion. The paper's opinions are expressed only in its editorial columns.

Letters for publication are welcomed. A pen name may be used, though correspondence must also sign their proper names, not necessarily for publication, but as evidence of good faith. In publishing a communication, the Tribune does not imply agreement with any opinions contained therein.

J. B. TULL, Editor

Subscription Rates:

One Year, in British Empire... \$1.00
Half Year, in British Empire... .50
One Year, in United States... 1.50

Legal and other advertising rates furnished on application.

THURSDAY, MARCH 14, 1935

THE SUBVENTION

W. M. Bailey, representing the constituency of Peace River, moved the following resolution in the Legislature:

"That this Legislature reaffirm its opinion, and so inform the Federal Government, that the full development of the Peace River country, both in Alberta and in British Columbia, cannot be brought about until a more direct railway connection is made to the Pacific Coast, and that we urge upon the Federal Government the desirability of assisting the railways in undertaking the construction of this Peace River-Coast route as a project which would, in a large measure, meet the unemployment in Western Provinces."

L. A. Groulx, representing Groulx, moved an amendment.

"That the resolution be amended by adding thereto the following: 'And further that pending the time when such a route is constructed the Federal Government should grant a subvention to the Peace River country through means of a subvention on all grain and livestock shipped out of the Peace River country as to give it the same export rate as that enjoyed in Edmonton.'"

The amendment carried.

The resolution with the amendment includes the sentiment of the people of the Peace River.

For years the people of this north country have been urging for an outlet to the coast which would give cheaper freight rates for shipment.

On the strength of the promise given by the late Sir Henry Thornton that the route would be built, and on later promises by the Hon. Mackenzie King and Premier Bennett, settlement of the Peace River country has steadily taken place. Year after year these settlers have plodded on, ever hoping that the transportation vital to their success would be furnished, but alas! they still wait.

We might as well face the facts: As it looks at the present time, there seems no hope that the outlet—rail or even the much-needed branch lines—will be constructed in the near future.

In lieu of the outlet the Peace River country is entitled to a subvention which will place its producers, so far as freight rates are concerned, on the same basis as the rest of the country.

For several years the Grande Prairie Board of Trade has urged this concession, but has been turned down on each occasion.

Looking squarely at the whole situation, one would imagine that the Peace River country, one of the largest and richest agricultural belts in the Dominion of Canada, is a sort of appendage and not an integral part of the Dominion, and is forced to battle for every concession which should be given as of right.

Granting of the subvention would mean thousands of dollars to the farmers of this country. Such a concession would not only revive the drooping spirits of many agriculturists of the Peace River but would be a boon to business generally, for the farmer is the man who gives the added flow of money each year.

Mr. Bailey and Mr. Groulx are to be commended on bringing before the Legislature the rights of this country.

A TOWN BAND

The proposal to form a committee of three to sponsor a town band is a move in the right direction.

Already the Board of Trade has appointed a representative and it is understood that the town council will do likewise. With another citizen on the committee, as proposed, all branches of the town's activities would be represented, which should add vitality to the proposed committee.

It is too much to ask a band leader to assume all the responsibilities of organization, financing, and conducting a band, at the same time.

Music is just as essential to rounding out the life of a town as schools. It is the great refining and inspiring influence.

The town council could very well set aside a certain sum for this purpose, without fear of criticism.

Grande Prairie is fortunate in having Mr. T. Wilson, a band leader with many years of experience, who is willing to take on the position if given proper support.

Coupled with this there is plenty of musical talent to give Grande Prairie a first-class band.

The question should not be allowed to drop, but should be brought to a successful issue. All that is needed is the will to do so.

AMERICAN TARIFF AGAINST CANADIAN CATTLE

From press dispatches it would seem that there is a possibility that the American tariff against Canadian cattle will be lowered by 50 per cent, which would mean that we are informed, an increase of \$15 per head to the Canadian producer on a 1000-pound steer.

As it is at present, cattle are no high on the Chicago market, due to the drought last year in the United States, that shippers are finding that they can ship the right type, pay the duty, and still make a profit.

The Democratic party, the Low tariff party, is in power in the United States, and it is hoped that the government will implement its low tariff policy by reducing the duty now in effect against Canadian cattle.

If the American market can be secured, it is our natural market and would be a boon especially to the West.

Beginning with the Fordney bill, the American tariff was steadily increased to a point which prevented Canadian stock raisers and dealers from shipping across the line, with the result that many of our ranchers went broke and the stock industry in general throughout Canada was crippled.

Canada's prime minister, we are informed, is at present negotiating a treaty with the United States which would give Canadian natural products a preference on the American market.

The time would seem to have arrived to begin tearing down the tariff wall which has to a great extent paralyzed trade between the Republic and the Dominion.

IN THE TRIBUNE'S MAIL BOX

To the Editor of the Tribune:

Mr. Allow me the honor of contributing this short letter to the columns of your impartial press, in connection with the editorial by Mr. Daniel Miller of Bear Lake.

In connection with the funeral arrangements of the deceased, a circumstance occurred which, in my opinion, is a reflection on the character of the Old Times Association and the friends and neighbors of the entire country who gathered to the funeral.

The trustee company into whose hands the estate of Mr. Dan Miller was entrusted, wired Mr. J. Oliver that the sum of \$125,000.00 was the limit of expenditure to cover the costs of the funeral. This sum was absolutely refused by Mr. Oliver and the trustee company was again wired to, with the result that the sum was advanced to twenty-five dollars which was still not sufficient to cover the necessary expenses of a respectable funeral, but Mr. Oliver agreed to accept this in consideration of the fact that Dan Miller was an old timer and respected friend.

As a matter of fact the provincial allowance is \$125 minimum, and why the trustee company be allowed to put a price on the undertaker's work, while their charges, usually high, go unchecked?

The writer, who is a creditor of the estate, is prepared to forego his claim—which is considerable—if the trustee company will forego their claim of \$125,000.00, which must not be deducted from the estate, and the proceeds be devoted to the erection of a monument to the memory of Dan Miller, Nature's Gentleman.

This has been suggested by public subscription.

Yours, JUSTICE.

Claimant, March 13, 1935.

A TRIBUTE TO DAN MILLER

On Friday, March 8, the funeral service of the late Dan Miller was held in Christ Church (Anglican), Grande Prairie, Rev. R. J. Pearce officiating.

The service was beautiful in its simplicity, solemn and impressive, quite in keeping with the character of the man.

Dan Miller was recognized as the children's friend at his funeral on the same basis as he was in life. His hospitality, his unquestedness, and his happiness was in making others happy.

His door was never locked, his pleasant smile was like sunshine to the old timer and the new comer, both young and old.

Dan Miller was loved by all who knew him, and he was a true gentleman.

He sleeps, serene and safe, from tempest and from billow; While storms above him chafe, Scarce rooks his peaceful pillow.

RE CONDITIONS ON HOMESTEADS

To the Editor of the Tribune:

I read with interest a letter in your last week's issue, Group England by Mrs. Sanger-Davies, but the last paragraph, referring to Miss Haswell's lecture on "Cannibalism in the Peace River Country," caused me to pause.

Miss Haswell, who is a well-known M.B.E. describes the sufferings and untimely deaths of families far from their homes, in the schools, and in the homes.

Now, I doubt if there is anyone alive who has had a better chance of obtaining first-hand information of this kind than Miss Haswell, and it is quite obvious that she has no axe to grind and is undoubtedly telling the truth, just as she has seen it.

It is this kind of kind of advertising for this Alberta and the Peace River country, and our government, which has been governing this province for the last fourteen years—a former government, which supposedly legislates for the people who make their living from the soil. Let us see what the government does to help these pioneers—the objects of their sympathy.

First, when a man files on a quarter section of land, after paying \$10, he is immediately assessed for, say \$200 or \$300, and placed on the tax roll. It is a well recognized fact that a person, no matter how hard he works, cannot possibly make his money on a bush homestead during the first three years, because he has got to put more into his place than he can take out.

Next, when this man goes for his patent, he is to pay a small fee, and he can obtain it. The Dominion government, under the wicked Mr. Bennett or Mr. King, only required an initial \$10, so why this former government should make the poor homesteaders suffer \$200 to \$300, and then demand more, is beyond my comprehension. Then we hear our legislators talking up homesteads at a price, with more debt to pay. Why then do they demand the debt before he starts?

One could think that members of government, yes, and the whole province, would read with shame of Miss Haswell's lecture on "Cannibalism in the Peace River Country," and they would be helped by the Peace River country. They collect money in England to help the black and heathens of darkest Africa, too.

While on the subject of homesteads, I am reminded by the fact that the government where a man purchased half a section from the Soldier Settlement Board in 1927 and filed on, and then stood adjoining this land in the following year. This man has lived with his family continuously on the S.B.B.

Roger W. Babson Discusses Bennett's Social Reforms

En Route, United States, Feb. 27.—There is a tremendous drive in both Canada and the United States for the adoption of Social Security measures.

However, around such programs may be at this time. Premier Bennett is very busy in presenting a moderate form of legislation along this line before any fantastic schemes develop in Canada, such as the Townsend Plan in the United States. Hence I am watching with interest and sympathy all efforts of the Dominion Government to help the working classes.

THE NEWSPAPER

All rationalized people are anxious to blot out sweat-shop, abolish child labor, eliminate starvation wages and provide decent working and living conditions for workers. And none of us would care to see the terrible scene of depression and unemployment such as we have just gone through. It would be worth every effort to banish forever the worried, haggard expressions of those who make up the head lines. The big problem is how to accomplish all this in the most far-sighted manner, and keep from ruining the moral structure of the nation. The best way to help wage earners is to insure against future periods of unemployment. Anything in the line of a "dole" is a distinct detriment. It undermines character and encourages idleness. It breeds discontent and a sense of helplessness. It breeds a feeling of inferiority. It breeds a feeling of inferiority. It breeds a feeling of inferiority.

It will be welcome news that no new taxation is to be added to the already overburdened taxpayers of Alberta, excepting an increase of one cent a gallon on gasoline, which will be a small cost for some weeks. The outstanding feature in the government's fiscal measures—and the one which will be of the greatest benefit to the province, is the proposal of a refunding scheme, which appears practical and sufficiently simple to be workable.

It is a plan for refunding \$131,000,000 of debt, by which the government would have to save \$2,000,000 annually. An average of \$1,000,000 per year would be budgeted for the fiscal year ending March, 1936.

The new refunding plan suggested by Hon. J. R. Love provides that \$800,000 of the provincial debt should be converted into consolidated perpetual stock, bearing interest at the rate of 4 per cent, and guaranteed by the Dominion government. The remaining \$51,000,000 of debt would be converted into 30-year debentures of equal annual installments of principal and interest.

Another important matter that came before the house was a resolution, unanimously adopted by the house, urging on the federal government that the Dominion should take all possible steps to encourage immigration into the province. The resolution was moved by Dr. W. A. Atkinson, Minister of Education, who pointed out that while the immigration policy of the Dominion was sound, the province had suffered by the admission of immigrants who were not properly assimilated. The resolution, submitted to by all parties, asked that the most liberal action be taken by the Dominion at the place of their origin be practiced in future.

At the suggestion of a resolution adopted by the house, an invitation has been sent to William Aberhart of Calgary, widely known advocate of Social Credit, to attend a meeting of the house and expound any plan for social credit he has. Every member of the house is expected to be present, but there are rumors that he may not accept the invitation. It was pointed out by the speaker that the Calgary Social Credit advocate has always stated that he had no definite plan to offer, only a principle that he is convinced can be worked out.

The R. C. M. P. are to stay in Alberta and control the province's police, according to the indications in the budget, where in the estimates an appropriation of \$225,000, the same sum as the year before, is set aside for that purpose. Of this sum \$175,000 is the amount to be sent to the Dominion government, and \$50,000 additional for the transportation and maintenance of prisoners.

Debate on a resolution moved by L. A. Groulx, of Groulx, Liberal, calling for the strengthening out of the Lesser Slave River, beside the diverting of the flood waters of the West Prairie and Heart rivers into the Little Smoky River, occupied some time in the house. Mr. Groulx thought the cost of the work, which would save 50,000 acres of flooded land from abandonment, would not exceed \$15,000. Hon. J. R. Love adjourned the debate, being on the floor when the house rose at the close of the sitting.

It was stated by Mr. Grisdale that the Dominion government has not had examined into the matter and made surveys of the flood areas and the cost of the work. He estimated the cost of necessary work at \$250,000.

Debate on the budget began Monday and will likely continue for some days. It was the first budget of Hon. J. R. Love since he assumed the portfolio of Minister of Finance. The Reid government took office last July.

RYCROFT NEWS

MORTLAND-WHERRELL

On Tuesday afternoon of this week Mr. John Mortland and Miss Blanche Wherrell, who are both residents of the Rycroft, left for their home in the Christ Church, Grande Prairie, by the train. They were accompanied by their father, Mr. W. Wherrell, and Mr. Mortland will reside on their farm near here.

ASPEN RIDGE

WEST SIDE WINE CHAMPIONSHIP

ASPEN RIDGE, Mar. 4.—The West and West side last Tuesday evening for a monthly play-off in the bridge tournament. Mr. Fred and Eddie Schadek (West Side) took first honors, while Mr. and Mrs. R. E. Campbell (East Side) won the consolation. The West Side were the champions by some three thousand points, so are now holders of the Schadek Trophy. This is a fine set of deer horns, very nicely mounted on a handsome decorated shield, and it now hangs on the west side of the schoolroom to signify who the winners were. Mr. Schadek did all the work of securing the prize and mounting it, and did a splendid job, too. A hearty vote of thanks was tendered to Mr. Schadek on his work and donation of the prize.

There will be another meet about the end of March, when the East Side will have a play-off with the West Side, on the east side of the room. In the meantime, both sides are conducting practice meets every week in preparation for the final.

DANCE TERMED "A FLOP"

The dance on Friday night was but poorly attended and we hear from several sources that it was a "flop." However, those present seemed to enjoy the evening, so probably it wasn't as bad as it sounds.

MASQUERADE THIS FRIDAY

Don't forget the masquerade dance in the schoolhouse on Friday, March 15. Everyone must be masked, whether in costume or not, or will not be allowed to dance before unmasking time. Admission at usual prices. Prizes given.

CONGRATULATIONS

Mr. and Mrs. R. C. Penny on the birth of their first-born—a daughter.

Mrs. R. E. Campbell is taking a few weeks' vacation in Calgary. Mrs. Campbell will be missed at the next schoolroom social, being one of the leading East Siders (though having a run of bad luck in the last contest). We will wish her a good time in the city.

Loosening, hauling ice and weed, seem to be the favorite pastimes at present, even on the side of the river. We hear rumors of an early spring, but the weather man is evidently convinced that it will be a heavy snowfall over the week-end.

The Clydeville Association seems to be normal, but we don't hear much about the Johnson group yet. Mr. Schadek is the man to see, so hope he'll hear something soon about this group.

The local stars of the club are at present spending most of their evenings and sleeping hours, too, practicing a play which will be put on in the schoolhouse on or about March 20. There will be a dance after the play, so we look for a large crowd.

PIPESTONE CREEK

PETITION FOR GOOD GRADE

A petition to His Majesty's government of the province of Alberta for a good grade on this side of the river was inaugurated here last week and went twenty residents signed up the first day. The proposed new grade will replace the precipitous trail now known as the "Old Grade" and will be a boon to the people of Pipestone Creek. The possibility of a special government grant for this purpose is now under consideration at Edmonton. This fact, coupled with a sub-

stantial promise of assistance from the Peace River Municipality leads us to confidently believe that the project will be completed before midsummer. An easy grade from the Wapiti, while undoubtedly of great benefit to the tourists and berry pickers during the summer and by log haulers and hunters during the winter.

We've just a bit too far north here, but we'll be glad to see what the future has in store for the Cutbank River, 80 miles south of here, with good fur catches. A lighter snowfall has enabled horses to rustle out all winter and come through in good shape.

Adam Kenny, who was here on a flying visit from above point for supper, has been on the trip line since last November, and in the words of a well known Indian guide, had reached the stage of "everlasting fasting."

This reminds us of the return from the Porcupine last spring, when everything available had been sold and we were left with the last tobacco into equal parts for the trip home. Two days later, at Muddy Creek, we fortunately found an Indian trapper and wife in residence and enjoyed a good meal. After the meal the well known Indian guide produced a whole pouch of the choicest cigarette tobacco. Thus we are able to write this trip today.

There will be another meet about the end of March, when the East Side will have a play-off with the West Side, on the east side of the room. In the meantime, both sides are conducting practice meets every week in preparation for the final.

The dance on Friday night was but poorly attended and we hear from several sources that it was a "flop." However, those present seemed to enjoy the evening, so probably it wasn't as bad as it sounds.

PUBLISHED EVERY TWO WEEKS

Editorial

Another set of examinations has come and gone. Many of us consider them quite a thing to have "off our chests." We have only the Easter exams left now and then we take the final plunge. This means that three and a half months is the time we have to enjoy detention. We urge everyone to make the best of the three and a half months' pleasure afforded, as they will probably have to go through some grueling experiences in the holidays. So when you are in for lectures and are feeling sweltered, think how much nicer it is than having to die under a car in the rain and mud, tumbling with chains.

OUR EDUCATIONAL SYSTEM

The percentage of pupils who finish school as compared with the number that begin is very small. In every town and city it is astonishing to find countless ignorant men and women. It is from this class that robbers, "gangsters," and communists arise. Nine out of ten of the people on relief are illiterate. As every boy and girl was forced to go to school and forced to learn a trade or profession, he or she would be kept busy and would not find time for persecuting others and lamenting their own poor plight.

But to do this our educational system should be completely revised. Girls should not be taught in detail chemistry, physics or engineering. They should be taught domestic science or some subject that will be useful to them in later years. Boys, likewise, should be taught engineering, medicine or some subject to which they are best suited and which will benefit them in some years. Of course, subjects common to both sexes should be taught. Everyone should learn a little political economy in order that they may intelligently understand what goes on in parliament.

Also along with the students' minds their bodies should be developed by physical culture. If each student has a healthy mind and a healthy body, he or she will find life's burdens much easier to bear.

—Submitted by a Grade XII Student.

SERIOUS PROSE

(Sub-Editor: Verna Grant)

THROUGH A MILLION HAZARDS

"Hey Maw! Dave's crashed. He was out scouting for the forest rangers when Pete Klumpner saw him drop in the area of the forest fire, too!"

Mrs. Mason dropped a glass, which gave a resounding crash as it hit the floor.

"Just like that, I suppose," she muttered after a pause and for a moment she almost wept. "He may be all right yet," Dave says he can take care of himself."

Jimmy's eyes were bulging as he fought hysteria. His sixteen years seemed but a few minutes ago. He felt helpless as a baby.

After some hesitation the old warship started. Jimmy immediately detected that the motor was not running smoothly, but there was no time to lose. Before Jimmy climbed into the cockpit a crowd had assembled near the hangar, among whom was Mrs. Mason, her noble eyes blinded with tears. Her hopeful look restored some of his failing courage.

As the roar of the plane grew louder, Jimmy violently jerked back the joystick. The C-2 plane responded with more alacrity than he had hoped for in a few moments. The heading for the skies. The would-be aviator felt a sickening him. Only now he realized he had not tested his mechanism. Perhaps one of the wing struts was rusted or one of the wires unfastened.

WEST END NEWS

HELD INTERESTING DEBATE ON SOCIAL CREDIT

RIO GRANDE, Mar. 12.—A debate on Social Credit was held in the West End schoolhouse on Wednesday, March 12, when a good number of people turned out despite the cold weather. Mr. Joseph Bagley and Mr. Ed Moore took the affirmative, while Miss M. Hardisty and Mr. Vincent Meraw took the negative.

Mr. Bagley held the floor for the first fifteen minutes and put forward a very strong case for Social Credit, stating the benefits which would accrue to all by the adoption of the system, and the telling us how it could operate without interfering with the present monetary system.

Mr. Meraw followed by saying that Social Credit wasn't practicable and that if the people had the just price no one needed the credit dividends, also that Alberta's receiving the twenty-five dollars would be looked upon as being unable to provide a living for themselves.

Mr. Ed. Moore gave such an interesting talk that everyone listened eagerly. He gave some striking examples of how increased consumption and increased purchasing power would set the wheels of industry moving and raise the standard of living of the people.

Miss Margaret Hardisty gave a good argument of where and how would they find the money to finance the scheme and finished by saying that if more people looked to God and took Him as an example there would be no need to ask for a just price.

After the rebuttal, the meeting was open for discussion. Many questions were answered satisfactorily and it was seen from the interest taken in the debate that West End is Social Credit conscious.

Supper was served and a dance ended the evening.

WILL HOLD DANCE MARCH 22
West End school board will hold a dance on Friday, March 22, in the schoolhouse. Everybody welcome. Gents, 35 cents; ladies, bring cake.

SEEN AND HEARD
Allen Nichol saying "No Social Credit for me, if this is the game." Somebody swears he saw him.

Miss Meraw acting as vice-chairman and looking the points when the discussion got warm.

Bob getting ahead of the weather, stating "Springtime in the Rockies." Things seem to be picking up in the West End. Alf has started building a house, and it looks as if Allen will be next. What about the weather?

Social Credit hands out to some people. Kelly is coming back to Alberta again.

P.O. Box 1803 - Grande Prairie

Suddenly the plane took a lurch and an instant too late Jimmy tugged frantically at the joystick. He felt as if he were swallowed in a pocketful of smoke, nevertheless he glimpsed a lake a short distance to the right. After barely grazing the tree-top, he was able to pull the machine above the smoke clouds. His throat was pinching him and his eyes were bleary.

NEWS

By Roy Hughton.

Did you ever see the snow when it comes swiftly, swirling, sinking down? Did you ever see the snow when it comes floating, drifting, softly down? Did you ever see it make little drifts, white valleys, and little valleys, and big valleys, and broad plains? Did you ever see the beautiful snow cover the lake fields in fall with a fluffy white blanket? Have you ever seen the sheeted peaks after a night of snow with their little white niggles and their glittering sides? Haven't you seen the stately spruce in his ermine dress, his practice of the art of snow? Who hasn't seen the funny old snowman with his blue scarf and red round stomach? Who hasn't seen a good old snowball fight, or a ride on a long deep hill? If you have seen and done these things, then you know why winter and snow in Canada are wonderful.

Some new pastimes are: playing cards on a table and on a paper ribbon. Some of the literature of the literature that much better than literature.

Boy, do we like John's new haircut! He really ought to go in the fashion show.

The History II students are a very clever class. We learned from them that the B. N. A. Act was passed on July 4, 1801.

There was quite a discussion among a few students regarding the merits of Clairmont and Grande Prairie. It ended up by Clairmont being beaten down on all sides except one, namely, the fact that it is a town.

Mrs. Storm lived a number of years in India where her father was in the government service. She told us of many of the religious customs of the people. Many of these customs have now been abolished by the British. She pointed out that the life of the native women has been improved by the English, who have prohibited child marriage, the burning of widows on their husbands' funeral pyres. The widows are now provided with homes and are taught a profession.

She concluded her talk by answering any questions the students wished to ask.

Recently when Miss Saunders was holding a high court of appeal, she was called on by a student named reaction. Now, can anyone give me an example of a catalyst?

Mrs. Saunders said: "A catalyst is something that hastens a reaction. Now, can anyone give me an example of a catalyst?"

For once Jack James' sense of humor was not equal to his difficulties. He was sent home for a note explaining his absence. (Can't "sarf" that off, Jack.)

Written on the board in the Grade XII room was a proclamation: "I will not be responsible for any of Ellen Gannan's debts."

"Signed: Nora Caldwell."

When Jack James saw this he promptly stroked out "debts" and put "fortifications" after which he signed his own name.

We wonder if Olga escapes detention by signing her initials, O.K., to her work.

SOPHOMORE SNICKERS

(Sub-Editor: Olive Wishart)

John Hunter: We see, believe in the old prophecy that if March comes in like a lion it will go out like a lamb, and has dressed his hair accordingly.

It is rumored that Mack has fiddled himself out of his algebra class. It is like a lion it will go out like a lamb, and has dressed his hair accordingly.

Bob W.: "Why do you think kids and teenagers are the two most popular sports of the day?"

Mr. Fowler: "Probably because the depression has accustomed us to letting things slide."

NAUGHTY NINES

(Sub-Editor: Marie Henning)

Maxine: "How long can a person live without brains?"

Margie: "Well, how old are you?"

Margie was heard remarking that she has been the goat of so many jokes that she feels that she is growing horns. Beware!

Mr. Fowler: "Use the word triangle in a sentence."

Walter: "If fish won't bite on grasshoppers, triangle worms."

Grande Prairie theme song. "Please a John Galt Follow."

John Hunter thinks they christen babies by writing a little over their heads.

THE ORNERY OYSTERS

(Sub-Editor: Florence Oliver)

Margie: "What has happened to the sausages, Norah?"

Norah: "Well, maw, you told me to fry them, and after a sissy I cleaned them out there wasn't much left."

Boy (reading): "She threw herself into the river. Her husband, horrified, rushed to the bank—"

Teacher (interrupting): "What did he do to the bank for?"

Boy: "To get the insurance money."

PROUD OF HIS TEAM

They say that Otto Granke has the champion pulling team around these parts. Moving a load of oats weighing seven tons to the seed cleaner is no small feat, as naturally Otto is proud of his team, one of some being around 20 years old and the other just a colt of four years.

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

BRITAIN'S PRIME MINISTER ATTENDS SCHOOL'S JUBILEE

Founded fifty years ago with only seven pupils and one teacher, the Oxford Gardens London County Council School, North Kensington, celebrated its jubilee recently with 650 pupils and the Prime Minister present. Premier MacDonald's interesting connection with the school is due to the fact that his late wife, father-in-law and sister-in-law were actively associated with the school for many years. The pictures show Mr. Ramsay MacDonald and Miss Isabel MacDonald surrounded by enthusiastic pupils as they arrived for the celebrations.

BRITISH DELEGATES TO TOUR EUROPE

One of the most momentous announcements to come from London in weeks stated that Sir John Simon, British Foreign Secretary, and Anthony Eden, Britain's permanent under-secretary of Foreign Affairs, will visit several capitals in the interests of world peace. Moscow, Berlin, Praha and Rome are among the nation's capitals which will be included in the itinerary. Above is a picture of Sir John Simon in characteristic pose, while inset is a photo of Anthony Eden.

WINNERS OF 1934 MOVIE TITLES

Their performances in the picture, "It Happened One Night," from which the above photo was taken, won Clark Gable and Claudette Colbert the honor of being named the best performers of 1934 at the seventh annual banquet of the Motion Picture Arts and Sciences Academy in Hollywood.

Judge John P. Nields

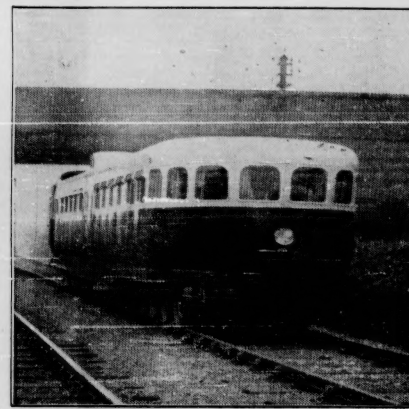

Judge Charles I. Dawson

COURT DECISIONS

Judge William I. Grubb

COURTS GIVE NEW COAL PROGRAM SETBACK

Fundamental principles of the New Deal received a severe setback in recent decisions by the judiciary branch of the United States government. Mr. Justice Dawson, left, rendered a decision at Louisville that Congress lacks power to regulate wages and prices in the bituminous coal mining industry. Mr. Justice Nields, center, rendered a decision at Wilmington which was adverse to the T-A section of the Recovery Act. Mr. Justice Grubb of Alabama, right, ruled that the government had no right to sell surplus power developed by the Tennessee Valley Authority.

FRENCH OIL-DRIVE CAR IN HUSH-HUSH TRIALS

This photograph shows the French oil drive railway car speeding between Pisa and Tibur, England, during secret trials. One of its features is its silent running, even at the highest speed.

BATTLESHIP UNDER REPAIR AFTER COLLISION

This picture shows what happened when two huge battleships collided. The H.M.S. Hood, which is said to be the world's greatest warship, was in collision recently with the H.M.S. Renown and had to return to England to undergo repairs. When she is finished the Renown will come back for repairs. The Hood's smashed propeller, a blade of which is said to be embedded in the Renown's stern, and is still there, is shown being examined prior to being replaced.

LINDSAY NEWS

(Received by Friday's Mail)

ENTERTAIN WITH TURKEY

LINDSEY, Mar. 6.—Mr. and Mrs. H. F. Anderson entertained on Thursday evening, February 21, at their home in East Keesau, the U. F. W. A. Local and their husbands, also a few friends to a turkey supper.

After supper the ladies held their February meeting, then three tables of bridge and one of five hundred were played.

Those present: Mr. and Mrs. C. Milner and family, Mrs. F. Vinet, Mr. and Mrs. A. Love, Mr. and Mrs. H. Ginter, Mr. and Mrs. G. Secret, Mr. and Mrs. S. Pore and family, Mr. Stanley Perton, Mrs. H. Buford, Mr. and Mrs. W. Puris, Miss Mildred Allen, Mrs. L. Cowell, Mrs. C. Chase and son Joe, Mr. and Mrs. H. Nutt.

At midnight the hostess served a turkey lunch.

The next meeting will be held at Mrs. C. Chase on Thursday, March 21. An afternoon meeting at 2:30. Everyone try to attend.

Mrs. F. Vinet was entertained at the Howe Thompson home on Wednesday.

During the severe storm on Saturday evening, March 2, no one was able to attend at East Keesau schoolhouse in organizing a junior club.

Lindsey masquerade dance was well attended with Louise orchestra and Ernest Polster to furnish the music and Mr. Geo. Ames floor manager. The dance club did well with their own treasury booth.

Miss Phyllis Love and Miss Becker spent the weekend with friends at Deloit.

LONDON, Mar. 5.—Recovery of the pound, which set in late Monday, was accelerated on Friday, when markets today and the precipitate drop on Saturday that aroused concern over Britain, seemed definitely arrested.

From Monday's official close at \$4.74 1/2 the pound rebounded to close at \$4.78 1/2. This price of gold saved for the first time in days.

WAPITI NEWS

(Received by Friday's Mail)

WAPITI, Mar. 11.—Mr. Eric Romington was across here for a very brief visit.

W. W. S. C. HOLDS INTERESTING MONTHLY MEETING

The Wapiti Women's Social Club held their monthly meeting at the home of Mrs. Mercer.

Mrs. Troyer was the speaker of the afternoon. She gave some very useful advice about the care of plants. She also gave a great reputation over here for raising some very beautiful lilies and other plants, so we all felt her advice was well worth listening to.

After the business end of the meeting was concluded a very delightful lunch was served by Mrs. Mercer to everybody's satisfaction.

Our club promises to be a great success.

There will be a shower for Mrs. E. Watts, nee Miss Evelyn Isberg, at the home of Mrs. Isberg on March 20.

A social evening will be held at the home of Mrs. Isberg on March 20, under the auspices of the Wapiti Women's Social Club. Lunch will be served. Everybody welcome.

SEEN AND HEARD AT THE CROSS ROADS

Bill Mercer and Ole Berg decided to follow the club meetings up.

Some of the ladies getting a surprise at hearing that the kitchen of the P. O. was that cold.

Mr. Adine wondering who was holding the ace the other night.

Mr. Adine deciding that straw hauling isn't all it might be.

Alas and alack! what are the "gals" going to do over here now that Eric has sold his little cart?

March sure came in like a lion. Right is it cold? Mrs. Berg, I think you must have indeed been optimistic. Everybody over here is either wood hauling or sawing and splitting it ready for the stove.

CHINOOK VALLEY

NORTH MARK, Feb. 21.—The weather still continues mild after the half-hearted chinook which attempted to take off two feet of snow which we had on the level, but is still pretty frosty at night. Everyone hoping for an early spring to relieve the feed shortage, which was caused by so

much crop being snowed under last fall.

Mr. and Mrs. W. Buchanan of the Bad Heart district were visitors in the valley last week.

The members of the Chinook Valley Homemakers' Club entertained their husbands at the schoolhouse on February 22, all saying they had one grand and glorious time. Mr. Reg. Eyres was the lucky winner of first prize in the whist game and Miss Phyllis Eyres received the consolation prize after which some games were indulged in. Then lunch was served.

After lunch dancing was in order, music for which was provided by the Chinook Valley orchestra.

The annual meeting and election of officers of the Chinook Valley U. F. A. Local was held Saturday, February 23. Mr. Lunan, our delegate to the convention in Calgary, gave his report. The officers for the coming year are as follows: G. D. Shofner, president; Sid Cranston, vice-president; G. Clouston, secretary; T. C. Duranese, Hans Roddevold, and Geo. Pettit, directors.

A bridge party under the auspices of the U. F. A. Local will be held on Friday, March 15, in the schoolhouse.

The local hockey team were successful in their last game with Spirit River, the final score being Bridgeview 4, Spirit River 1. Sid Cranston being the star, as I hear he was responsible for three of Bridgeview's counters.

DARWIN DOINGS

(Received by Friday's Mail)

DARWIN, Mar. 6.—Miss Margorie Riddell leaves Darwin district to teach primary class at Monitor, Alberta.

On Wednesday forty of her friends gathered at the home of Mr. and Mrs. Nowry to bid her farewell.

Miss Riddell was served by the hostess, after which sing-songs and speeches were in order until the wee small hours, when all joined hands and sang, "For She's a Jolly Good Fellow" and "Auld Lang Syne."

Miss Riddell has only been with us a few short months, but her sunny disposition and pleasing personality, as well as teaching ability, has won her many friends in our district.

Miss Mix will take her place as teacher of the new Darwin school for the remainder of the term.

NEW ORCHESTRA PLEASES

Have we a swell new orchestra in the district? Ask the crowd of merry-makers that gathered at the home of Mr. and Mrs. W. Buchanan on Friday evening, March 1. A pleasant time was spent in songs and dancing. At midnight lunch was served by the hostess. After another lunch the party broke up, complaining the night had been too short.

SEEN AND HEARD

We've heard of tea for two, what about a cutter for four. For measurements and instructions apply to George.

Love and hugs raining over a supper partner.

Fred talking about his wife coming home. Seems anxious.

Love and hugs raining over a supper partner.

Fred talking about his wife coming home. Seems anxious.

Love and hugs raining over a supper partner.

NORTH GOODWIN

(Received by Friday's Mail)

NORTH GOODWIN, March 6.—March has come, and in full blast at that. But be cheerful, they say, "If March comes in fierce as a lion, it will go out gentle as a lamb."

Mr. Adolph Steiner was a business caller in Grande Prairie last week.

Mr. E. Davies and son Harold transacted business at Harper Creek on Wednesday last.

Dr. Nelson of Deloit was a visitor at the Krause home last week.

A bouncing baby boy was recently born to Mr. and Mrs. Walter Thew. Mrs. Ron Moody was a caller at the Ernie Robt. deau home on Saturday.

Mrs. Graham and daughter, of Pittsmeadow, called at the Ron Moody home Tuesday on their way home from Deloit, where they had been visiting.

Mrs. Walter Thew's mother, from British Columbia, arrived here on Saturday for a visit at the Thew home.

A son was born to Mr. and Mrs. Otto Krause on March 4.

We are very sorry to hear Mrs. Gortemaker is ill. Hope she will soon recover.

Jimmy Aitch was a busy caller in the district on Monday coming here for Dr. Nelson, who was called to Deloit, where a little Jenny was born several days ago.

Mrs. Floyd Dowling, who spent several days at the Krause home, returned to her home last week.

Reg. Moody was a brief caller at

the C. Lones home on Tuesday.

SEEN AND HEARD

Slim enjoying breaking a road to the post office. We wonder why? Down hill and up hill, "Pet" knows his way across the river.

Skits are getting pretty popular in Goodwin. They are even being used when gathering in clothes from the line.

Ben down for the count of nine in a snowdrift.

Everyone looking for a good time at the dance on Saturday night.

VALLEYVIEW NEWS

By Viancone

VALLEYVIEW, Mar. 4.—It has been a long time since I saw any news from our fair land, that makes me think I must take my pen in hand and let the world know that the people of Valleyview are still alive and kicking.

WANT MAIL ROUTE CHANGED

We note with interest a recent letter from Crooked Creek re the change in the mail route, and we want to state that we are all for the change—we have been tail-enders for long enough and would like to have the time on our mail cut down, both incoming and outgoing.

As for the government building a bridge in these times, well, it seems like they might—but come more like they won't. This with credit to our old friend, Andy.

Crooked Creek is near a phone, but we haven't even that which is all the more reason for wanting the High Prairie route.

WORK GOING ON AT HALL

Work has been going on at the hall. The sliding is being pulled up and Jake is busy rushing around trying to get it finished as soon as possible. He will welcome a helping hand. Now, boys, don't A.L.F. come to work at once.

The cost of the new play is at work and will put on a performance at the opening of the hall.

Dave Williamson and Jack Tingstad are busy logging and will have their mill humming very soon.

Traffic has been heavy to High Prairie, lots of teams on the road. We noticed A. Sands, L. McLaughlin, I. Tingstad, C. Peterson and H. Kreiger.

School started Monday, February 25. The school started Monday, February 25. The school started Monday, February 25.

The school started Monday, February 25. The school started Monday, February 25. The school started Monday, February 25.

The school started Monday, February 25. The school started Monday, February 25. The school started Monday, February 25.

The district nurse, Miss Wetherston, has been away on a sick call from 69-23.

T. Rasmussen has been busy building a new barn. We heard that he ran short of nails, and had to leave Skits holding the roof down while he went for some nails. We also heard that he wasn't able to get any. But what we would like to know is Enok still holding the roof down?

After being a W. O. L. for so long, we are glad to note that the boys are still the same, to-wit:

Bill Bergsten still forgetting something, somewhere, some place.

Dave Halldin, ditto.

Otto Persson handing out the laughs.

Carl Svensson still having plenty of visitors.

One roquebuster still on the school board.

A. Lindquist, ditto.

Gleanings of Interest To the Women Folks

By THE GLEANER

Mrs. W. M. Hart of Edmonton is visiting Mr. and Mrs. R. D. Harris.

Mrs. Cutman entertained a few friends to afternoon tea on Thursday.

Mr. Reg. Bean left on a business trip on Tuesday's train.

Mr. and Mrs. Bob Jones and family have moved into the house opposite Chester Miller's.

Mrs. Young, after spending three months in Ottawa, returned on Friday's train.

Mr. and Mrs. D. W. Pratt returned on Tuesday's train from a three month visit in Ontario.

Mrs. Welcker came to Grande Prairie by Tuesday's train to visit Mr. Bayne and to celebrate little Pat's second birthday anniversary.

Miss Mary Bayne spent the weekend in Exmouth as the guest of Miss Muriel Welcker.

Mrs. Charley entertained a few friends to afternoon tea on Wednesday.

The East-End Bridge Club met at the home of Mrs. Fortous on Wednesday night. Mrs. A. Wishart won the prize for the evening.

The North-End Two-Table Bridge Club met at Mrs. Lovell's home on Wednesday night, when Mrs. D. Wishart won the honors.

Tuesday Afternoon's Three-Table Bridge Club met at the home of Mrs. Graham, Mrs. Butchart and Mrs. Christie winning the honors.

A birthday was celebrated with a dinner party at the home of Mrs. Bayne on Thursday of last week and the following fine program was enjoyed: Piano solo, "Home," from Pastoral Sonata No. 15, Mrs. Newton; solo, "A Brown Bird Singing," Mrs. A. Brown; Second Movement, Sonata Op. 28, Mrs. Butchart; First Movement and First Variation, Beethoven Sonata Op. 26, Mrs. Key; Scherzo and Minuet, Beethoven Sonata No. 29, Mrs. Key.

On Friday evening, when her sister, Miss Hilbert, and Mr. Norman Black were married by the Rev. N. Chappell. The bride, charmingly dressed in lace, wore a pink veil, attended by two little nieces, Josephine and Muriel, as flower girls.

The newly-weds have taken up their residence in Bob Row house on the Boulevard.

HOOKED RUG ON EXHIBITION

There will be a hooked rug on exhibition at the St. Patrick's Fair on Saturday at the I. O. O. F. Hall. Tickets on it will be sold then and the drawing take place at a later date.

PLAY-READING POSTPONED LAST WEEK

Due to the number of meetings on last Friday, the play-reading group postponed their meeting, but this Friday, at 7 p.m., at the Studio Library, Mrs. Palmer will read her paper on linen, and those present will take the various roles in one of his plays.

CLAIMANT W. C. HELD SUCCESSFUL BRIDGE PARTY

Under the auspices of the Claimant's Liberal Club a very successful bridge party, consisting of seven mixed tables, was held at the Claimant Hotel, Monday evening. Honors went to Mrs. Conrad and Jack McNeil, and consolation to Miss Margaret Moore and George Purdy.

At the close of the evening the ladies served a delightful lunch and a very pleasant evening was reported by all.

Another bridge party in the near future is promised.

FINE PROGRAM GIVEN AT MUSICAL CLUB MEETING

The Musical Club met at Mrs. W. Pearce's on Thursday of last week and the following fine program was enjoyed: Piano solo, "Home," from Pastoral Sonata No. 15, Mrs. Newton; solo, "A Brown Bird Singing," Mrs. A. Brown; Second Movement, Sonata Op. 28, Mrs. Butchart; First Movement and First Variation, Beethoven Sonata Op. 26, Mrs. Key; Scherzo and Minuet, Beethoven Sonata No. 29, Mrs. Key.

HAD HAND SEVERELY CUT ON WOOD SAW ON MONDAY

John Buttle, of Buffalo Lakes, had his left hand severely cut on Monday afternoon on a wood saw while helping his son, Mac, on the latter's farm.

Buttle was immediately rushed to Dr. Gurney at Exmouth, who administered first aid. Later the injured man was taken to the Grande Prairie Municipal Hospital, where Dr. Gurney further administered medical aid.

MOTHER OF RUSS AND HARRY WALKER DIED AT THE COAST

Mrs. Andrew Walker, mother of Russ and Harry Walker, oldtimers in the Bulkley district, passed away at the coast of the home of her daughter, Mrs. Charles Moore, on March 7, at the age of 80.

The body was shipped to Collingwood, where Mrs. Walker's native town, for burial, which took place on March 13. Mrs. Walker visited her sons here about eight years ago and endeavored herself to all who knew her.

BOOK TALK

In the Steps of the Master by H. V. Morton.

Not a religious book in the ordinary meaning of the term, but the account of H. V. Morton's travels through Palestine. As always, a descriptive powers of places and people carry his readers along with him, and his touches bring back to memory things long forgotten.

Also I wish to thank you for the beautiful floral tribute.

Mrs. A. Thorpe and Family.

What One Girl Wore:

By Betty Brownlee

One of the smartest fabrics for spring wear is linen. Whether for a "slim" frock, a sporty sport suit or just a casual business suit, linen answers the need in practical fashion and, at the same time, gives its wearer the assurance of being well dressed.

It is a material which offers almost limitless possibilities for color contrasts and designers have made use of their opportunities in this field as evidenced by the new spring models.

Linen is essentially a "dry" material, partly due to the fact that it always looks so fresh and gives its wearer that feeling of looking "spick and span" at all times. When worn in two-tone contrasts that appearance of freshness and gaiety is enhanced.

Among the darker shades, brown and navy blue are particularly smart in linen and, of course, white and the light, summery shades are always good. Color contrasts have been put out in the combinations of brown and white, navy and white, and also in combinations of the darker shades with natural linen.

This week we illustrate a particularly smart suit of rayon linen—crash in natural blue. The material is of the nubby type, which is most adaptable for suits. Color contrasts have been beautifully effected in the choice of blouse, belt and buttons, which are of navy.

The blouse, which has an Ascot tie of navy crepe, and the buttons of belt are of caftan. Silver bars across the front of the belt provide a distinctive touch. Navy accessories are perfect with rayon linen and its wearer chooses a smart full hat of navy blue with a narrow band of the natural linen tied in a little bow, and shoes of combined linen and navy kid.

A suit of this type is sure to be a distinct addition to any woman's wardrobe and one which will have many uses during spring days.

LATEST NEWS FLASHES

OTTAWA, Mar. 14.—Definite intention was given in government circles today that the act creating a graft board will be delayed in the hope that Premier Bennett, personally, will be able to take charge of it. The Premier has been confined to his bed with a cold for some days.

OTTAWA, Mar. 14.—A program of public works, supplementary to the \$40,000,000 appropriation of last year, and a continuance of a contributory basis of direct relief are forecast as the government's program in dealing with this problem in the next fiscal year. The present year terminates at the end of this month. Announcement of the policy was indicated as to be made "in a few days" by Hon. W. A. Gordon, early this week.

LONDON, Mar. 14.—Existence of a secret modern air fleet in Germany, hidden away in underground aerodromes, and powerful enough to bomb any European capital, is being alleged today in the French press, commenting on official admission by the German government that it now possesses aerial bombers in numbers adequate for a ground army of 200,000 men. Germany, it is said, has built this huge fleet largely in the guise of commercial aircraft, which can be constructed into formidable war craft by addition of bomb racks, sights, and machine-gun positions in less than 24 hours.

JACKSON, Miss., Mar. 13.—Swirling flood waters of the Mississippi and its tributaries inundated homes in a half dozen states today while snow and rain storms swept across the South. Hundreds were driven from their homes. The floods are described as the worst since 1913. A howling gale swept through the Carolinas, blanketing large areas in snow, disrupting communications and unroofing houses.

OTTAWA, Mar. 13.—Alberta is to receive \$2,000,000 in a lump sum as compensation for provincial natural resources alienated under Dominion administration. Saskatchewan will receive similar compensation.

OTTAWA, Mar. 13.—A royal commission, headed by the chief justice of New Brunswick, will investigate charges made by Hon. Peter Veniot, former postmaster general, against the Royal Canadian Mounted Police. The

Poultry Marketing Scheme Will Not Go Into Effect

OTTAWA, Mar. 12.—The scheme to regulate the marketing of poultry and eggs in the Prairie Provinces will not be put into effect, Minister of Agriculture Weir announced in the Commons today.

The recent poll of producers gave 62.5 per cent for the scheme in Alberta, 63.4 per cent in Saskatchewan, and 24.3 per cent in Manitoba.

OTTAWA, Mar. 13.—In view of the defeat of the poultry and egg marketing scheme by the vote announced Tuesday, a new plan has been submitted to Minister of Agriculture Robert Weir by other interests. This will be voted on, but probably not till the summer.

BANK OF CANADA IN OPERATION
OTTAWA, Mar. 12.—The general price level and the tempo of business activity in Canada, are expected to come under the influence of the Bank of Canada, which started operation Monday. The bank's chief purpose will be to put into active operation the principle of control of both paper money issues and creation of deposit credits.

LOWER TAXES FOR EDMONTON
EDMONTON, Mar. 12.—Edmonton property will be taxed at a rate of 55 mills this year. Last year there was 64 mills.

ART AND HANDICRAFT FROM QUEBEC WILL BE EXHIBITED
The C. W. L. below announce that at a later date and in connection with one of their social functions, there will be an exhibition of art and handicraft from the old province of Quebec. The gifts came to Grande Prairie directly from there.

There is a large group of art work from the Ecole des Beaux Arts of Quebec. The outstanding article is a piece of old gold lace, reputed to have been made by Madame de Maintenon of France hundreds of years ago. None of these articles are for sale.

DOG SAVES SLAYER

Because his last dime was spent to feed "Pop," a mangy hound, John Hans, 51, of Bellevue, was saved from the electric chair after confessing to first degree murder for the killing of Howard Jones, his foreman, because he believed Jones had caused his discharge. Judge Tyler extended mercy and sentenced Hans to life imprisonment when he learned of the convicted man's kindness toward the dog.

WINNIPEG WHEAT MARKET

WINNIPEG, Mar. 14.—One million bushels of Canadian wheat were sold for export today, enabling wheat prices on the Winnipeg Grain Exchange to withstand sharp declines at Chicago. Values were steady throughout, closing 1/2 cent higher to unchanged. The exports were the largest in more than a week. A brisk demand in the United Kingdom for wheat appeared the basis for Liverpool's advance today of 1/4 to 1/2 penny. Chicago was weak, closing wheat 1 to 1 1/2 cent lower. Buenos Aires firm 1/4 cent higher at noon. Privileges, May 83 1/2, offers 83 1/2; July bids 83 1/2, offers nil.

EDMONTON LIVE STOCK

EDMONTON, Mar. 14.—Trading was brisk and cattle were steady to firm. Hogs firmer. Carload bacon hogs, \$7.25; trucked-in, \$7.15.

YOUNG PEOPLE'S RENEWAL SERVICE SUNDAY MORNING

On Sunday morning a service of renewal for all young members of the church will be held at St. Paul's United Church. Officers and young people will meet in the church basement at a quarter to eleven o'clock.

The minister, Rev. Nelson Chappel, will speak on the subject, "Repentance as a Way of Renewal" and Wm. Porteous will sing the bass solo, "Open the Gates of the Temple."

Sunday will be the fifth anniversary of the commencement of Mr. Chappel's pastorate of the church.

BEAUTIFUL HAND-MADE SILK RUG TO BE ON DISPLAY BY C.W.L. AT ST. PATRICK'S TEA

In connection with the St. Patrick's tea sponsored by Grande Prairie C. W. L. there will be a beautiful hand-made silk rug on display. The silk used in it was obtained from a hand-manufacturing plant in London, Ontario, and therefore is completely new and of very fine texture. The rug is 12 feet by 12 feet, and the design is that of a setting sun casting its brilliant rays upon the earth.

On account of the exceptional value of this prize, the drawing will be held over until a later day and the display continued.

The tea is being held in the L.O.P.E. Hall, Grande Prairie, Saturday, March 16, from 3 to 6 p.m.

BADMINTON CLUB DANCE

The Badminton Club will hold a dance at the Elks Hall on Friday evening, April 5, commencing at 9 o'clock. Admission 50 cents a couple. Extra lady and High School students 25 cents each. Jack Penner's orchestra has been engaged.

Mrs. K. Sunderman and Miss Florence Pearson were the guests of Mr. and Mrs. Rod McNell last week.

EAST END NEWS

FIVE MILE CHURCH, Mar. 13.—Praising by the E. V. Macklin kitchen one can see that well travelled young man, Ed. Carpenter, busy in the department of culinary art, substituted during the sickness of the regular chef, and he hopes to see around and about again very soon.

Also Lawrence, who was with Mr. Stoen, is now working for Edna Patterson, Cecil having moved over to the N. Pioneer farm.

A brand-new pruning team may be seen around our way these days. Something to be proud of, eh, Herb?

"IRELAND FOR EVER"

The last End will be celebrating the old-time festival of St. Patrick's Day on Friday, March 15, at the old Municipal Hall, where there is room for one and all to have a real good time. Whether you dance or not, make this a happy day. You will be assured of an evening of pleasure not soon forgotten. The music will be of the elite quality—Ernie Ford's East End orchestra. Nuf sed!

THEATRE PARTY

Owing to the Male Voice Choir

having a concert on Monday evening, the date of the theatre party has been changed to Wednesday evening, March 20.

Quite a number are planning to take advantage of Frank Donald's generous theatre party offer to the whole of the East End by inviting us to a double feature on Wednesday evening, at 8 o'clock. Harry Sims and C. C. Ralston will be in the theatre vestal from 7:30 to 8 o'clock, and most parties and make arrangements, and it is hoped all will try to be in good time to see the first part of the show. If you have not already booked up this date, please do so and let us show our appreciation by turning out in large numbers. It is open to ALL schools, parents and friends who can make the trip.

The program is a double-feature one—Buck Jones in "The Thrill Hunter," an all-time story for the younger set, and "Thirty-Day Prince," featuring Shirley Wyndy and Cary Grant. Besides these will be the usual comics and news reel.

Mr. Donald assures us that it will be a clean and instructive program and will provide an evening of pleasure to young and old alike, and he offers a warm welcome to the East End.

ALONG THE WAPITI

PEACE RIVER IS BEST
ALONG THE WAPITI, Mar. 12.—The old axiom, "that fast pastures look green," is true enough, but the sad part of it is they never are. No matter where or to what particular part of a country one may go to one soon finds drawbacks. It is true we had bitter weather this winter, but pay attention to the world news from over-continental Europe, the British Isles, the eastern seaboard, and also our neighbors, D. C. with floods such as we never will have. Think of a body of water 50 miles by 20, formerly land, in B. C. from Chilliwack to the coast—the Sumas Valley under water; stock and everything gone, and a few lives lost. No the Peace River for me. It has all countries beaten for climate or anything else.

HOWEVER

There is certainly no meekness about the first two weeks of March, from 25° to 32° below at times; cold and stormy. We trust and hope that March will go out like a lamb, a few lives lost. No the Peace River for me. It has all countries beaten for climate or anything else.

FORTNIGHTLY WHIST DRIVE

On Saturday evening, March 23, the fortnightly whist drive will be held at the home of Mr. and Mrs. Brumpton. Cards, prizes, supper and social evening. Everyone has a good time always at Tom's and everybody welcome. Admission 10 cents.

LEAGUE DANCE SUCCESSFUL

The League dance last Friday night was a success and everyone had a good time. All expenses were paid and a little left over.

BILL COLLECTED FROM BILL

By order of the Community League, the piano was tuned last week through the night. Some nightbirds were alarmed at seeing a light in the schoolhouse, but they were not half as proved as Bill Davies, the president, who was awakened at 2 a.m. to pay for it. Bill paid out of his own pocket.

THE BIG EVENT OF THE YEAR

St. Patrick's dance and sale of work, March 22, Millerton schoolhouse, Jack Penner's complete orchestra.

Come one, come all. All are welcome. Given under the auspices of the

W. L. this is a yearly affair and one of the leading events of the year. This year will be the best yet. All sorts of medley, splendid quilts, candies, etc., for sale. Gentlemen, supper and dance, 50 cents, in five rows. Ladies kindly bring the river, there is in wet weather no road one can use to get down or up. This is a very worthy cause and we trust those in authority will see that it is done. It seems to rest between the government and the municipality. Always, these settlers who are now hauling out produce from across the river cannot make this hit with any load at all.

J. C. Maclean was in Dr. O'Brien's office Thursday of last week.

PETITION FOR ROAD DOWN RIVER BANK TO FERRY

There is a petition being signed re a road to the ferry from Wembley down

the hull on the north side of river. This road is a disgrace, as well as dangerous. Nothing has ever been done to this road since Van Horn's years ago, built it to haul out lumber. Now, with a settlement on the south side of the river and a ferry in to cross the river, there is in wet weather no road one can use to get down or up. This is a very worthy cause and we trust those in authority will see that it is done. It seems to rest between the government and the municipality. Always, these settlers who are now hauling out produce from across the river cannot make this hit with any load at all.

Mr. and Mrs. Maclean were guests at Mr. and Mrs. Osborne's on Sunday last.

Junior Grain Clubs Meeting

An organization meeting of the Junior Grain Clubs will be held in the

Legion Hall, Grande Prairie

Sat., March 16th

At 2 P.M.

Junior farmers between the ages of 14 to 22 years are especially asked to attend this meeting. All persons who are interested in the Grain Club work are invited.

W. R. Morrison, District Agriculturist, will be in attendance.

The purpose of this meeting is to advise officers for the ensuing year, also draft a program of activities, and to ascertain the amount of seed that will be required for this season.
